The cell under the supervision of Training and Placement Officer Ms. Khyati Jain, undertakes various activities of training and grooming of students in terms of conducting mock interviews, GD sessions, resume writing workshops, personality development sessions and internships. In addition to providing placement assistance to the undergraduates, the cell also helps in managing industry interactions and relations.

February, 2018

**awake. arise.
achieve.**

Dear Reader,

This year remind yourself that, every day is a precious gift. Every day we must put aside the blanket, and arise with a refreshed mind to move a little closer towards our goals. Coming out of the comfort zone is hell of a task to do, but all the magic of this world lies beyond this self-limiting circle, as Nietzsche said "And those who were seen dancing were thought to be insane by those who could not hear the music."

Keeping this thought close to our heart we went on working for the second issue of **Campus Buzz**, our communication instrument for the dissemination of information and news from the college campus. The name **Campus Buzz** signifies action, gusto, energy and hard work, and it very aptly sums up our purpose, since as an emerging women's college in Rajasthan our halls are bustling with lively events and activities.

This is a whole-hearted endeavour to give a complete and kaleidoscopic view of laudable achievements and events of our students and departments. We hope that the readers find the issues informative and useful. We are thankful to the faculty and staff of SRKPGC for their valuable inputs, and we welcome suggestions and feedback that will help us improve further. We can be reached at newsletter@rkgirlscollege.edu.in.

CHAIRMAN'S MESSAGE

The seeds of an idea sown few years back, has taken firm root and the college is growing into a strong sapling. **Campus Buzz**, the college newsletter was launched last year for the essential purpose of documenting the beautiful journey of growth and development of this institution and its students. It is the endeavor to show that academic excellence along with co-curricular and extra co-curricular activities completes the process of education. It is my prayer that our institution may always be the home of truth, wisdom, faith, and goodwill towards all, and that it may become a beacon of hope, guidance, and glory to all who pass through its halls of learning.

May the sapling grow into a sturdy tree and spread its branches!

Ashok Patni
Chairman

SECRETARY'S MESSAGE

Always believe that something wonderful is about to happen. The positive mindset is the only key that one would need throughout her life. At this institution it is our mission to not only impart bookish learning (which is also essential) but also to teach a way of life focusing on constant inner growth. This academic year was a one more step further towards this mission, and I'm happy to see our Wonder Girls coloring the pages of this newsletter with their success stories. I can only pray that God continues to shower his choicest blessings on the college as well as its management and staff, who are working relentlessly to take this college to new heights with their hard work, dedication, and commitment.

God bless you all!

CA Subhash Agarwal
Secretary

PRINCIPAL'S MESSAGE

"Success comes to those who work hard and stays with those, who don't rest on the laurels of the past," so said a wise man once. Last year with the inception of **Campus Buzz**, we reminded the readers that our ship is sailing sound and strong. The challenge this year was to continue this upward journey. I'm pleased to say that so far, it has been an incredible year for **Shri Ratanlal Kanwarlal Patni Girls' College**. It gives me great pride that the college is progressing in all its endeavors towards the overall development and personality of the students. I give my gratitude to our committed and supportive management, dedicated team of teachers and office staff for leaving no stone unturned when it comes to the betterment of our institution.

Together, as one FAMILY, we will go on achieving new milestones.

Dr. Vandana Bhatnagar
Principal
